IN COLLABORATION WITH

FNOPI

Federazione Nazionale Ordini Professioni Infermieristiche

Sharing expertise and science

The ESNO invites you to a transformative gathering where the power of information exchange and science takes center stage. Join as we celebrate the spirit of collaboration, the pursuit of knowledge, and the dedication of nurses to make a meaningful impact on healthcare. Together, we can drive positive change and elevate the standards of nursing care.

Networking and collaboration

We believe that the journey to success is not just about climbing the career ladder —it's about who you meet along the way. Join us and embark on a journey of growth, and endless possibilities and fostering lasting friendships, and unlocking new career horizons. This can be your Networking-Nirvana, with professionals friendships and to unlock a world of career possibilities.

WHY ARE WE SO ENTHUSIASTIC TO MEET YOU?

Our common goals are to maintain the healthcare sector's an attractive domain to work in, explore ways to retain professionals in practice, and develop strategies to attract newcomers and experienced staff. The issues of the 'ESNO Declaration 2023' will be supporting the event. We emphasize that there is no one-size-fits-all solution; rather, each of us forms an integral piece of the puzzle.

"Participation in ESNO event brings me always inspiration"

When I attend ESNO events, I'm not just the president; I'm a fellow enthusiast, eagerly soaking up the knowledge and enthusiasm of everyone around me. These events bring together the most passionate and dedicated healthcare professionals, and it's contagious. You see, there's something magical about the vibe at ESNO events. The connections we make, the stories we share, and the ideas we explore are like a shot of adrenaline for me. It's where we blend the personal and the professional, where we're not just colleagues, but friends.

Adriano Friganovic, ESNO president

***"Join the ESNO Congress:
Where ideas converge,
knowledge flourishes, and
connections illuminate the
path to progress in nursing
and health."***

“ PROGRAM, WHAT TO EXPECT “

Day 1 - June 5th:

On the first day, which is June 5th, we will organize an interactive and dynamic **#HACKATHON** in the style of a World Café. During this event, we will explore and propose solutions to address the European health workforce issue, including shortages, working conditions, and all factors contributing to retention. Our goal is to keep our profession at the pinnacle of professional trust.

Day 2 - June 6th:

On the second day, June 6th, we have a lineup of **high-level speakers**, featuring both seasoned professionals and the younger generation, including nursing students. This day will kick off with multiple parallel sessions covering a wide range of topics within the nursing profession.

Day 3 - June 7th:

The third day, June 7th, will also commence with a series of keynote speeches. These speeches will focus on the healthcare environment and how we can harness science and education systematically to benefit healthcare systems, the economy, and the environment.
