Key questions

What are your perspectives on the current state of Nursing within the domains of Education, Certification, and Recognition, as outlined in the report's scope?

What specific changes and establishment would you advocate for within these domains?

From your viewpoint, what essential steps are required to actualize these desired changes?

How do we make sure that nurses from a variety of socioeconomic and demographic backgrounds may access and benefit from the planned improvements in education, certification, and recognition?

What measures should be taken to foster cooperation and information exchange across European nations to maximize the efficacy of the suggested modifications to nurse certification and education?

A hand holding a house icon. The background is a dark teal color with a faint, light-colored illustration of a hand holding a house icon. The house icon is a simple line drawing of a house with a gabled roof and a window. The hand is shown from the side, with fingers curled around the base of the house icon.
